

Harness the Power of Telemedicine with 24/7 Access to Avera eCARE[®] Hospitalist

Avera eCARE[®] Hospitalist staff includes board-certified internal medicine physicians and experienced nurses who connect with on-site staff for assistance as often as needed.

YOUR MEDICAL TEAM CAN RELY ON 24/7 ACCESS TO:

Assistance with complex patients

Peer-to-peer consults

Admission support

Initial response to code and rapid response teams

Physician order entry

TELEMEDICINE has such potential for communities similar to ours and also larger urban communities.

Access to expertise at the push of a button improves patient outcomes, saves health care dollars and makes for happier providers.

OUR PARTNERSHIP ALLOWS YOU TO FOCUS ON BEDSIDE CARE.

Call hub and request support

Mobile video cart provides easy access to patient

eCARE Hospitalist nursing staff assess situation and needs

Access to EMR data provides full patient history

Care is provided and documented in EMR
